

LETTER OF INTENT

ATTN: Mr. Leviev President  
“The Leviev Development, LLC “

Dear Mr. President,

Georgian automobile roads Department having learnt “Leviev Ecoroads” technology, intends to consider the possibility of its application in transport sector of our country. In particular to rehabilitate Moliti-Zvare-- Nunisi road seven (7) kilometres in length.

Our construction company LLC “Vereli + “ is going to be liable for the procedure of the testing.

With a view to solve the issue of experimental construction and to issue certification for “Leviev Ecoroads” product You are kindly requested to send the specialists of the company to TBILISI during the first decade of August.

The road test costs will be paid upon request of your company.

Yours sincerely,

ROSTOM MIKHANASVILI ---DIRECTOR

LLC “VERELI+ “
